PCMN Database	8 Nov 01		COL Enzel	Info	<ul style="list-style-type: none"> Clinics/MEPRS Codes - Case Managers are requesting all MEPRS codes and clinics in the Patient Database be identified in alphabetical order, this will help expedite the activation and completion process of all new episodes. Open Episodes - All WESTPAC MTF's have closed out all open episodes with start dates of 1 Nov 00 thru 30 July 01. MTF's will continue to be responsible for tracking patients who are returning, to include those traveling commercial and provide a returned date to complete the episode. Case Managers needing access to the case managers database or experiencing problems receiving their CHCS accounts should contact COL Enzel and John Leteto at the TRICARE Pacific Lead Agent, please include the name of the individual you are replacing when faxing your request.
Pacific Case Mgt System	8 Nov 01		COL Enzel	Discussion	<ul style="list-style-type: none"> MTF Medical Capabilities – TPRMC is requesting monthly medical capability reports from all WESTPAC MTF's, these reports will be used to help update current medical capabilities in TRAC2ES and help reduce the number of over flights currently taken place. Medical Attendants – Medical attendants escorting patients assume responsibilities once they depart their originating MTF and conclude upon arriving at the referring MTF. This will not include patients being admitted overnight due to scheduled or unscheduled RON's. Patient Manifest – A/E clerks need to notify TPMRC of any changes or cancellations that might effect a patients status in TRAC2ES, this includes patients being rescheduled to fly at a later time or electing to fly commercial.
Next Meeting	6 Dec 01		COL Enzel	Info	<ul style="list-style-type: none"> The next call will be December 6, 2001. Minutes of this meeting will be posted on the TPLA webpage as soon as they are completed. If you have questions/problems contact COL Enzel via phone or email. Be safe!
